

Membership Creed

Mission Statement:

Our mission is to promote and implement healthy lifestyles through the application of kinesiology. We will accomplish this through ***team building, service, and professional development***. This ideal is the foundation of our organization that we hope to share with our university and community.

As a member of Kinesiology Club we encourage you to attend as many events and meetings during the fall and spring semester. We hope you take advantage of the team building, service, and professional development. If you come with a good attitude, you will leave with a good experience. Below are a few of the principles we expect from our members.

Knowledge
Integrity
Networking
Excellence
Support
Intensity
Open minded
Leads by example
Opportunity
Giving
You

Kinesiology Club was formed not only to spread our mission statement to the university and community, but also to help our members explore, learn, and thrive. As your fellow Kinesiology Club leaders we promise to kindle friendships, ignite a passion to serve the community, and help light the fire towards your bright future!

-----Please sign and return the below portion to a KN board member-----

Your input is very important to us and we would like to hear what you want to say.
